

Company	Digital Ocean	Storage	50 GB
Server Type	Cloud	Bandwidth	4000 GB
CPUs	2	Load Balancer	1
Pricing			
Server	\$ 84/month	Monthly Cost	
Load Balancer	\$ 12/month	\$ 96/ month	
Purpose			
Server is capable to handle load and support latest tech.			
Server can be scaled when load increases thus server changes are not expected.			
Load balancer takes care of traffic upsurge.			
This load balancer can handle upto 10000 requests per second.			
If we need to handle more traffic we can increase load balancers and handle traffic seamlessly
